Alexandria, Virginia. September 23, 2025 – IDEMIA National Security Solutions (NSS), a subsidiary of IDEMIA, the leading provider of secure and trusted biometric-based solutions, is proud to announce that it has successfully earned re-certification at level 3 of ISACA's Capability Maturity Model Integration (CMMI®).

This re-certification demonstrates IDEMIA NSS' commitment to delivering innovative, reliable, and efficient products and services to their customers and industries they serve. It also shows IDEMIA NSS' commitment to exceptional quality, ensuring clients have access to the highest level of products and services, enabling them to exceed in their performance and excel in today's fast-paced and ever-evolving security landscape.

Following our initial certification, we are committed to further enhancing our processes. Our recertification highlights these accomplishments and our culture of continuous improvement. In our recent appraisal, we demonstrated fully meeting the intent and value of all the CMMI practices. As a business we're more efficient, so our customers see the benefits of higher quality solutions and services in support of their mission set.

Patrick Clancey, NSS President and Chief Executive Officer

CMMI is a proven, outcome-based performance model and the globally accepted standard for improving capability, optimizing business performance and aligning operations to business goals. At Maturity Level 3, processes are well characterized and understood, and are described in standards, procedures, tools and methods. The organization's set of standard processes, which is the basis for Maturity Level 3, is established and improved over time. IDEMIA's appraisal was performed by ChangeBridge Consulting LLC.

IDEMIA National Security Solutions (NSS) has over sixty years supporting U.S. defense, intelligence, and public safety agencies through cutting-edge identity solutions. Their CMMI Level 3 re-certification underscores IDEMIA NSS' position as a trusted partner for law enforcement, government, and national defense customers across the globe.
