

# IDEMIA Public Security to Launch New State Driver's Licenses and IDs with Innovative Design for California in Partnership with the California Department of Motor Vehicles

As the nation's leading producer of physical security driver's licenses, IDEMIA's driver's licenses and state ID cards bring innovation and security to the State of California.

# IDENTITY – NORTH AMERICA

POSTED ON 10.10.25

**Reston, VA.** October 10, 2025 – IDEMIA Public Security North America, the leading provider of secure and trusted biometric-based solutions, is proud to announce that it has begun issuing all Driver's Licenses (DLs) and Identification Cards (IDs), featuring a secure and innovative design, for the State of California.

Developed in collaboration with the California Department of Motor Vehicles, the new card design offers enhanced protection against tampering and counterfeiting, ensuring full compliance with industry standards. It incorporates advanced technologies, including a digital signature and other cutting-edge security features, making it one of the most secure licenses in the country. In addition to its robust security, the card features a distinctive design that celebrates California's natural beauty, highlighting the coastline, majestic redwood trees, and vibrant poppies.

*Partnering with the State of California to deliver this new driver's license design is a milestone we're proud of. It's not just about aesthetics; it's about raising the bar on security and trust. We've built this solution to meet the highest standards in identity protection, and we're committed to bringing that same level of innovation and reliability to all our state partners.*

Rob Gardner, CEO, IDEMIA Civil Identity

IDEMIA Public Security's state-issued driver's licenses and ID cards are carefully designed and distributed with security at the forefront:

- ➡ Color and black & white card designs that meet AAMVA and REAL ID standards
- ➡ Market-leading quality and durability, providing a 10-year card life with proprietary security features
- ➡ Card structures resist attack and show evidence of tampering if alteration is attempted

IDEMIA Civil Identity, a business unit within IDEMIA Public Security North America, is the nation's leading producer of physical security driver's licenses and secure mobile IDs.
