At the annual MTN Group Awards, IDEMIA was the only supplier to have been nominated in all six categories. The other categories that IDEMIA was nominated for include *Commercial Excellence*, *Best Account Management Performance*, *Supplier Innovation* and *Performance Excellence*.

Receiving the awards on behalf of IDEMIA were Alexander Georgiev, Senior Vice President (Middle East & Africa) Mobile Operators, and Imraan Jooma, Global Account Manager for MTN Group.

We are extremely proud to receive these two awards from MTN Group. This marks another step in the deepening of our long-term relationship with the Group, which started in 2013. These two awards are testament to IDEMIA's commitment to our customer. As a preferred technology partner, we look forward to even closer collaboration with MTN Group, and supporting them towards their goal of becoming a world class telecommunication provider in the Africa continent and beyond.
