

IDEMIA announces Laurent Lemaire's appointment as new CFO

IDEMIA, the global leader in Augmented Identity, has today announced Laurent Lemaire's appointment as the Group's new Chief Financial Officer.

POSTED ON 04.16.18

Laurent Lemaire, an ESSEC graduate, has acquired considerable financial expertise within major companies, particularly in financial organisations management, transformation and merger. After spending eighteen years as CFO of a division of the French group Danone, he joined Steria Group and later Sopra-Steria, the European leader in the IT services industry and digital transformation, where he spent 9 years as CFO.

In 2016, he became CFO of the Korian group, the European leader in senior services, employing close to 47,000 employees around the world.

IDEMIA is proud to welcome Laurent Lemaire, a talented Executive with an exceptional track record as Chief Financial Officer within major international companies. His broad expertise in managing Finance organizations and his knowledge of the Technology Service Industry will be instrumental for IDEMIA to consolidate its leading position in the Augmented Identity market.

Didier Lamouche, IDEMIA CEO

I am particularly pleased to join IDEMIA, at this defining moment when the group is developing an ambitious strategy in order to consolidate its leading position in a rapidly evolving market. I am fully committed to support IDEMIA's growth and its new perspectives of development. I know the tremendous changes that have already been implemented since OT and Morpho joined forces and, as the new CFO, I will put all my energy and experience at the service of IDEMIA to pursue its transformation.

Laurent Lemaire

Laurent Lemaire's appointment takes effect immediately.

About IDEMIA - OT-Morpho is now IDEMIA, the global leader in Augmented Identity, with the ambition to empower citizens and consumers alike to interact, pay, connect, travel and vote in ways that are now possible in a connected environment.

Securing our identity has become mission critical in the world we live in today. By standing for Augmented Identity, we reinvent the way we think, produce, use and protect this asset, whether for individuals or for objects. We ensure privacy and trust as well as guarantee secure, authenticated and verifiable transactions for international clients from Financial, Telecom, Identity, Public Security and IoT sectors.

With over \$3 billion in revenues, IDEMIA is the result of the coming together of OT (Oberthur Technologies) and Safran Identity & Security (Morpho). With 14,000 employees around the world, IDEMIA serves clients in over 180 countries.
