As part of its supply chain strategy, Vodafone measures supplier performance each year. The Vodafone Supplier Awards recognize companies that have performed outstandingly in supporting Vodafone Group’s continuous drive for operating efficiency and to deliver greater benefits to its customers. Safran Identity & Security has improved its ranking year after year and this is the third consecutive year that it has been rewarded by Vodafone.

“As a strategic partner, we are delighted to have received this prestigious supplier award from Vodafone,” said Yves Portalier, Vice President and General Manager Telecom Business Unit at Safran Identity & Security. “This award reflects the quality of our long and successful cooperation and motivates us to maintain or even exceed this high level in the future.”

Last year, our team managed to realize in close cooperation with Vodafone exciting projects such as the challenging entry into the Indian market with Vodafone’s GUSIM portfolio. We are proud to support Vodafone in achieving its strategic targets.*

OT-Morpho - is now IDEMIA, the global leader in trusted identities for an increasingly digital world, with the ambition to empower citizens and consumers alike to interact, pay, connect, travel and vote in ways that are now possible in a connected environment.

Securing our identity has become mission critical in the world we live in today. By standing for Augmented Identity, we reinvent the way we think, produce, use and protect this asset, whether for individuals or for objects. We ensure privacy and trust as well as guarantee secure, authenticated and verifiable transactions for international clients from Financial, Telecom, Identity, Security and IoT sectors.

With close to €3bn in revenues, IDEMIA is the result of the merger between OT (Oberthur Technologies) and Safran Identity & Security (Morpho). This new company counts 14,000 employees of more than 80 nationalities and serves clients in 180 countries.
